Investment details:

- a)
(name or surname of the investor)
- b)
(name and address of the project)
- c)
(type of user: individual/non-commercial or developer/commercial)
- d)
(name of the designer and name of design office)
- e)
(installer's name, company name and KAN certificate number)
- f)
(Type of installation and name of KAN-therm System)
- g)
(Date and place of purchase of KAN-therm System components)
- h)
(Date of installation and date of commissioning the installation)

I declare that the details for the warranty for the aforementioned investment are factually correct. To the best of my knowledge, no alternative solutions in the form of substitutes for KAN-therm System components were used during the execution of orders for the investment under the warranty.
